

2023 High Valley Carignan, Shannon Ridge Vineyard

100% Carignan from the Shannon Ridge Vineyard. Our 2023 Carignan comes from Shannon Ridge vineyard in the High Valley AVA. The organically farmed mountain vineyard sits at 2,200 feet above sea level and boasts gravelly, red volcanic soil and warmer temps perfectly suited to Carignan. Our Carignan has plenty of red berry flavors complimented by savory spice notes and plenty of freshness, along with savory Provencal herbs like rosemary and thyme. Juicy with moderate tannins and bright acidity, this is a versatile red wine that stands up to food from the grill while still being light enough to be enjoyed during the warmer months.

The pH is 3.83, the TA is 5.5 g/l, and the alcohol is 13.5%. 386 cases produced. There was no fining and only native yeasts were used in the fermentation.
